Rita, Would it be possible to get a copy of the version of the subject letter with enclosure? My copy (attached) does not have the enclosure. Thank you.

Subject: RE: Exceptional Events 2nd quarter 2013 - EPA comment letter

Hello Dorothy,

We are reviewing this and taking into consideration the revision in the EE Rule that no longer has the requirement for “no exceedance but for the event”. We expect to have a response to you on this by March 15.

Are you going to be our contact person at Region 6 for exceptional events demonstrations? We will be in touch with you soon to set up a call regarding the 2014 demonstration and to clarify what is expected in a demonstration for those exceedances.

Rita
